Descripción de Propiedad

This amazing property sits in the northern part of Jaco on the river mouth or mangrove just 100 meters from the beach. The lot has water front and its 4000 meters plus size and land use of commercial or residential makes it perfect for a home or a small eco boutique hotel with kayaks, fishing, or paddling right off the land. There are huge old native trees as well as coconut trees that provide plenty of shade as well as a tropical feel. There is water and power and the land is titled.
