Descripción de Propiedad

NEW CONSTRUCTION HOME WITH PRIVATE POOL An excellent opportunity to own a brand-new home with a private swimming pool, currently under construction and scheduled for completion in November 2026. The property sits on a 453 m² lot and offers approximately 160 m² of construction, with direct access from a main road. Built with a solid concrete block structure, the home is designed to provide comfort, functionality, and long-term durability. One of the property's key advantages is that construction is currently underway, allowing the future owner the opportunity to select certain finishes and design details, subject to the construction stage and availability. This gives the buyer the possibility to personalize the home and make it their own before completion. The private swimming pool creates an ideal outdoor space for relaxing, entertaining, and enjoying Costa Rica's warm climate year-round.
