Property Description

Located just a few minutes from Marina Pez Vela and the quaint fishing town of Quepos, this three bedroom townhome is an amazing value, investment property or the ideal spot for someone looking for a quiet place to live here in paradise. While the values on ocean view homes and condos in the area make investment impossible for many, this townhome is incredibly accessible in terms of pricing and is also one of the nicest units in the development itself. Villa 19, is located directly in front of the pool for the Casitas Pacific complex. This quaint townhome offers a private carport area from which you enter the light-filled main living space. The ground floor hosts a spacious cooks kitchen, fully equipped with all stainless steel appliances along with an expanded spacious living and dining area. Both internal spaces spill onto a covered back terrace, complete with a custom gazebo area that overlooks the gardens and pool.
