Property Description

This beautiful, 7,599 square foot (706m²) house in the exclusive community of Bosques de Lindora was designed by the prominent Costa Rican architectural team of Karin and Jessica Nagel that magnificently combines luxury and function into a harmonious family home that you will thoroughly enjoy and be proud to own. The majority of the home is on one level and the design provides an excellent distribution, private sanctuary from today's hectic lifestyle and an abundance of natural light. The spacious living room has 2 separate seating areas with views of the garden and pool. The formal dining room is large enough for large family functions or entertaining. The ample kitchen features a center island, breakfast table, granite countertops, stainless steel appliances and lots of hard wood cabinets. Both the living room and kitchen have access to the pool, Jacuzzi and barbecue area where you'll spend many happy hours.
