Property Description

This fabulous ocean-view lot is the crown jewel in the gated community, Vista Dominical Estates. It is the last lot at the end of the road so it has the best view and the most privacy. The community is less than 5 min from the town of Dominical and its amazing surf beaches. The best part is, that you drive up the river road in town to get to this development, unlike most properties where you have to go out of town and take the highway. The ocean view is incredible. You can see the waves breaking up the coast all the way to Manuel Antonio and the sunsets over the Pacific Ocean are breathtaking. Vista Dominical Estates is a small 17-lot gated development with a private jungle reserve. The rainforest reserve has many km of hiking trails, 3 waterfalls, creeks, and rivers. The community also has a pond with a nice dock for everyone to share and it even has a helipad if you want to fly straight from San Jose to your property.
