Property Description

This property sits on top of the front ridge in Ojochal which offers spectacular sunsets and mountain views all year long! Great breezes come from the unobstructed white water ocean view all day and in the evening the airflow reverses and comes down from the expansive mountain view. You will have a 300 degree view from this lot in phase 11 as you can see from the photos! Phase 11 is very easy to access and is very close to all of the amenities Ojochal is famous for. From this property you are only minutes to natural beaches, waterfalls, gym, groceries, tennis courts and all of the many restaurants the area is famous for. Four wheel drive is not needed to access this development. Lot 80 in phase 11 is raw land and will require additional site prep. This will be done after you have your indoor/outdoor home design so the lot is prepped with this in mind taking advantage of your big ocean and Mountain View's.
