Property Description

One of the most unique and efficient homes in Nosara, El Suenito boosts one of the most fabulous ocean views in the San Juan mountain chain and has incredible proximity to Nosara. Imagine a "Tiny Home" with the fixtures and finishes of a luxury estate. Normally you can not find a property with this view less than a million dollars, but this spectacular home is priced to sell. The gated community of Bosque Verde is one of the most unique close proximity developments in Nosara. The entire road up to the property is paved and provides easy all year access to your property. The almost 2 acre property has plenty of space to build a main house or just enjoy the convenience and efficiency of this little dream home. The infinity edge pool is one of the best places in Nosara to enjoy the ocean view and relax the afternoon away. The jungle below the property is part of the 300 plus acre reserve property that belongs to the neighborhood of Bosque Verde.
