Property Description

Located on the top of Las Huacas, the hill overlooking the main surf break in Playa Guiones, and the lush tropical jungles of our community, this home offers views that stretch all the way up the coast to Ostional and beyond. Villa La Ventana was originally built as a unique and private B&B and was beautifully designed to accentuate the ocean views from every point of view in the house. Relax in the pool and marvel at those incredible panoramic views or sit on the patio and watch tropical showers as they roll off the coast and into the picturesque blue ocean. Villa La Ventana is a two-story home with a spacious second-floor master suite with its own private sitting room and kitchen, large bathroom, and walk-in closet. It also has two additional rooms, each with its own private ocean-view balconies. The home has a large living room that opens onto a beautiful patio and out to the pool area and a dining room with a 12-person dining table.
