Property Description

Incredible opportunity to own one of the most unique ocean view homes in Nosara, Costa Rica custom designed by Randolph Duke! Designer Randolph Duke has long been associated with bringing his indelible imprimatur to some of the most iconic red carpet fashions the world has seen. In 2007, Mr. Duke created an equally iconic home design with his Architecture Institute of America award winning "Openhouse" residence created in the Hollywood Hills of Los Angeles. Randolph's latest masterpiece "Casa Eclipso" inspired him to expand his celebrated design repertoire with sustainable and green concerns, working with only natural indigenous resources while developing this nature eco-estate. This property is uniquely perched high above the sprawling cattle ranches and undulating coastline of Playa Nosara and Playa Ostional. From the moment you arrive at Casa Eclipso, you will begin to understand what makes this home Nosara's Premiere Nature-Resort.
