Property Description

Three Homes. One Vision. Limitless Opportunity. In a region where coastal land is increasingly subdivided into restricted lots, this sprawling 5,000 m² (1.25-acre) estate stands as a rare opportunity in versatility. This is more than a residence; it is a ready-made residential infrastructure situated in the heart of Guanacaste's most desirable corridor. Located just five minutes from the turquoise waters of Playa Potrero and the golden sands of Playa Penca, this estate represents a strategic acquisition for the buyer who demands absolute privacy, expansive space, and an asset built to evolve. The estate is anchored by three contemporary, well-appointed homes. Unlike typical multi-unit properties, each structure is strategically positioned to ensure total privacy, offering inhabitants a personal sense of "ownership" over the surrounding nature without sacrificing the security of a shared compound.
