Property Description

Discover the perfect balance of raw nature and building-ready convenience. Nestled in the prestigious Las Brisas community, this massive 20,000 m² (5-acre) lot offers a rare opportunity to own a significant piece of the Costa Rican rainforest while remaining just minutes from the vibrant heart of Uvita. The Perfect Canvas for Your Dream Home Skip the years of site preparation—the heavy lifting has already been done. This property features a professionally graded main building site with a reinforced driveway already in place. The plateau is positioned to capture a stunning "window" view of the Pacific Ocean, framed by the lush, emerald canopy of the surrounding primary jungle. Property Features: Dual Building Sites: A spacious main plateau for your luxury villa and a secondary building site currently hosting a shipping container—perfect for secure storage during construction or conversion into a trendy jungle guesthouse.
