## Property Description

Villa Calypso is a newly constructed luxury estate offering breathtaking ocean and mountain views just minutes from downtown Tamarindo. Completed in December 2024, this architecturally designed home blends modern elegance with natural surroundings, creating a private yet highly accessible retreat in one of the area's most desirable locations. Inspired by the legendary research vessel associated with Jacques Cousteau, Villa Calypso captures a spirit of exploration and connection to the sea. The home is set on a custom-engineered building pad atop a 5,200 m<sup>2</sup> (1.25-acre) lot, thoughtfully positioned to maximize panoramic views of Playa Tamarindo and the Pacific Ocean's unforgettable sunsets while ensuring long-term structural integrity. Designed by a French architect and builder, the residence features four identical primary suites, including two lockout units with independent access, offering flexibility for private use or vacation rental income.
