Property Description

Extraordinary 344-Acre Estate in Dos Bocas, Dominical — Featuring Twin Waterfalls, Springs, Rivers, and Creeks. Nestled deep within the lush rainforest of southern Costa Rica, just 15 minutes from Hatillo and the world-renowned beaches of Dominical, lies an exceptional natural sanctuary. This rare and expansive property in the Dos Bocas region is a dream canvas for eco-resort development, conservation investment, or a private estate immersed in nature. Offering an inspiring blend of mountain vistas, ocean views, pristine jungle, and multiple freshwater sources, this land is a true legacy offering. This unique finca features multiple rivers, meandering creeks, natural springs, and some of the most captivating waterfalls in the region. Among its many highlights are a pair of twin waterfalls from separate sources, which dramatically converge into one mighty cascade deep in the jungle — a visual and auditory masterpiece that must be seen to be believed.
