Property Description

10,356 m²: The Perfect Balance Between Flat Topography and Natural Landscape This property of over one hectare in the central quadrant of Bijagual de Turubares stands out not only for its strategic location but also for its abundant water resources. Bisected by a stream with a constant flow year-round, the property offers a privileged natural environment that guarantees freshness, biodiversity, and a uniquely relaxing landscape. Property Highlights Private Water Resource: The stream that runs through half of the property is an invaluable asset, ideal for creating ornamental gardens, relaxation areas, or a private nature trail. Versatile Topography: Flat Frontage: A spacious area ready for building your main residence, social area, or commercial spaces, with direct access and easy development. Sloping Back: A natural elevation at the rear of the property offers panoramic views and the opportunity to develop multi-level structures, terraces, or viewpoints.
