Property Description

This penthouse apartment in Escazú, Costa Rica offers 320 m² of interior living space complemented by a 210 m² private terrace, creating a seamless indoor and outdoor living experience. Located in Panorama, it stands out as the only unit with a fully private terrace and uninterrupted views across the San José Valley, surrounding mountains, and open sky, a setting that remains engaging throughout the day. Inside, the main living area is designed as a single, expansive space where the living room, dining area, and kitchen connect naturally. Warm neutral finishes, a white marble island, and subtle wood and gold accents define the space, while full openness toward the terrace keeps the view consistently present. The outdoor area is where the property takes on a different dimension. A covered lounge with a natural wood ceiling anchors the terrace, complemented by a grill, bar, wine storage, and a private firepit.
