Property Type: Land • Lot Size: 706 Square metres •

• Status: Available

Property Description

Offered at: \$73,000 (An unbeatable price for a prime location!) Unlock the potential of this exceptional 706 m² (7,600 sq. ft.) lot, situated in one of the most accessible and high-growth sectors of Quepos. Whether you are envisioning a custom-built family home, a serene tropical retirement retreat, or a high-yield investment property (Airbnb/Long-term rental), this land is primed and ready for immediate development. Property Highlights: Prime Topography: Completely flat terrain, ensuring a seamless construction process and maximum space utilization. Plug-and-Play Utilities: Water, electricity, and high-speed fiber-optic internet services are readily available and easily connected. Versatile Zoning: Approved land use for both residential housing and tourism development. Clean Title: All municipal taxes and contributions are fully up to date—no debts, no legal hurdles, and no waiting periods.
