Property Description

Perched along a scenic ridge in the peaceful community of Lagunas de Baru, Casa De La Rosa captures the essence of Southern Zone living — expansive ocean and mountain views, cooling breezes, and the kind of privacy that feels miles away from it all, yet just minutes from the beach town of Dominical. From sunrise to sunset, this 3.64-acre property delivers panoramic ocean, valley, and mountain views in multiple directions. The setting is serene and elevated, offering a rare combination of usable land and dramatic scenery. The Home Designed in a traditional ranch style, the home embraces indoor-outdoor living with a wrap around covered terrace that invites you to slow down and stay awhile. Whether hosting friends or enjoying a quiet evening watching toucans glide across the horizon, the outdoor spaces are as functional as they are beautiful. Inside, the main living area flows seamlessly, creating a warm and welcoming atmosphere ideal for gathering.
