Property Description

Argo Estrategia presents Alterego Nunciatura, a new residential building located in one of the most vibrant and sought-after areas of San José, in the Nunciatura – Rohrmoser district. This project represents the sixth residential development by the firm in the area, further consolidating its presence in a high-demand urban environment with excellent quality of life. The project stands out for its strategic location, distinctive architectural design, and the spaciousness of its apartments, making it an excellent option for those seeking to live in a modern, exclusive setting with all the necessary amenities. Alterego Nunciatura was designed by DAC Estudio, creators of iconic projects such as Aire Nunciatura, following the latest aesthetic line of Argo Estrategia. On this occasion, the design embraces a more organic architecture, featuring larger terraces and a higher level of detail on the façade, positioning the building as a new landmark in the city.
