Property Type: Land • Lot Size: 10000 Square metres •

- Status: Available

Property Description

Property with lush vegetation and a refreshing mountain climate. Privileged location with panoramic views over the Central Valley. Private water well. Ample space and privacy, ideal for residential or investment projects. Includes existing homes, studio, and storage buildings as added value. This Compound in Piedades de Santa Ana is a unique opportunity to acquire a 1-hectare property surrounded by nature, fresh air, and sweeping views of the Central Valley. Set at the foothills of the mountains, this estate offers both privacy and tranquility while being just minutes away from the conveniences and services of Santa Ana. The land's size and setting offer a wide range of possibilities: from the creation of an exclusive residential development to a private estate, a recreational retreat, or even a boutique hospitality project. With its natural topography and lush vegetation, the property provides an inviting atmosphere year-round.
