Property Description

The moment you step inside, the house reveals its essence: a long, elegant pool drawing your eye straight to the ocean—a direct line to the sand and one of the most privileged beachfront positions in all of Hacienda Pinilla. The location is the value. This is a preferred lot inside a 4,500-acre residential sanctuary where titled beachfront of this caliber is exceptionally rare. Life here feels as though the coastline belongs to you. Sunsets become gatherings, moonlit dinners unfold naturally, and the beach becomes a seamless extension of the home—serene, luxurious, and effortless. Days begin with the kind of rituals only true beachfront living allows. A morning swim or surf steps from your door. Quiet walks along nearly five kilometers of coastline where the light, the breeze, and the wildlife create a natural setting for presence and clarity. Coffee tastes different when enjoyed on the terrace with howler monkeys moving through the trees and the Pacific unfolding in front of you—this is a landscape made for happiness.
