Property Description

This 1,504 square meter lot in Bijagual de Turrubares, strategically located in front of National Route 320, is an attractive option for those looking for a comfortably sized piece of land in a growing area. With an extension suitable for multiple uses, this land is ideal for developing a residence, a recreational farm, or a small commercial project. The property has direct access to the main road, which guarantees excellent connectivity and visibility. In addition, the lot is provided with all basic services, including electricity, drinking water, and telecommunications, facilitating the development of any project without having to worry about essential infrastructure. The natural environment of Bijagual de Turrubares, known for its tranquility and scenic beauty, makes this land a perfect place to build a refuge away from the urban hustle and bustle, without losing proximity to the main access roads.
