Property Description

This spacious 6042 m² lot in the charming community of Bijagual, in Turrubares, offers a unique opportunity to enjoy a lush natural environment and panoramic views of the majestic mountains. The property stands out not only for its generous extension, but also for its features prepared for development. Main Features: Panoramic Views: The lot enjoys stunning views of the mountains surrounding the community, providing a spectacular and changing natural setting throughout the year. These views offer an atmosphere of tranquility and connection with nature, ideal for those looking to escape the urban bustle. Prepared Terraces: The property has more than three terraces already leveled and ready to build. These terraces offer a solid base to develop different areas, such as housing, recreational areas or gardens. The preparation of these terraces facilitates the construction process and maximizes the use of the available space.
