Property Description

THE PROPERTY Discover one of the most scenic homesites available near Playa Avellanas — a spacious 4,113 m² (over 1 acre) property in the secure and tranquil San Antonio Estates gated community. Perfectly positioned between ocean breezes and mountain serenity, this lot offers panoramic views in every direction — from the Pacific coastline to the mountains of Caña Fístula to the east. This is one of the largest lots in the community, featuring multiple natural building terraces that allow for creative design — envision a main home on the upper flat ridge to capture the ocean sunsets, and a guest casita or yoga studio on the lower terrace with its own private access road. San Antonio Estates was thoughtfully developed with underground electricity, legal water letters from ASADA Altos de Pinilla, and wide, well-maintained roads, ensuring comfort and security while preserving the stunning view corridors.
