Property Description

Set on 9,200 sqm of gently rolling land in Naranjal, this 140 sqm residence blends modern European design with the beauty and abundance of Costa Rica's northern Pacific region. Designed and built to exacting standards, the home is perfectly positioned to take in sweeping 180-degree views of both the Pacific Ocean and the surrounding mountains, offering an ever-changing backdrop of sunrises, sunsets, and cooling breezes. Inside, every detail is crafted for comfort and style. Two king-size bedrooms, each with whisper-quiet Daikin A/C, invite restful nights, while the spacious living area opens to panoramic vistas. The home is finished with large-format porcelain tile in warm earth tones, soft LED dimmer lighting, and custom melina white-wash cabinetry. The kitchen is both elegant and functional, with quartzite counters, high-end GE appliances, a convection oven, and an induction cooktop—ideal for preparing meals from the bounty of your own land.
