Property Description

The Valle de Tamarindo Building is one of the most sought-after residential communities in the area, offering the best location, unobstructed views, and spacious residences in a timeless building that is consolidating its presence in today's Escazu Real Estate market. The building is immaculately maintained and boasts beautiful common areas, including tennis courts. The accessibility to shopping, groceries, and amenities makes this location the best in the area. There are only two apartments per floor in this building, and one of its unique features is the private elevator that opens directly into the apartment, providing a level of exclusivity and security (key access only). Furthermore, the exceptional location offers a view of the mountains from the rear of the apartment and the city from the front. The expansive kitchen features ample space for entertaining. The kitchen opens up via a pass-through window to the formal dining room.
