## Property Description

Welcome to your personal piece of heaven above the breathtaking Pacific landscape towards Dominical. This spacious finca spans 23,000m<sup>2</sup> and offers unobstructed views that will enchant your senses. Unique Altitude without Air Conditioning: Enjoy the pleasant climate at 1000m above sea level, so mild that even air conditioning becomes unnecessary. Experience the freshness of mountain air and the natural cooling this location provides. Diverse Building Platforms and Hotel Possibility: The finca presents several beautiful building platforms where you can create your dream residence. But that's not all – here, you're even allowed to build a hotel according to your vision. The possibilities are limitless. Well-Maintained Forest and Garden Areas: The finca impresses not only with its views but also with its meticulously maintained forest and garden areas. A green paradise promising tranquility and relaxation.
