Property Description

Welcome to a hidden gem in the hills above Samara, in the Santo Domingo neighborhood — a one-of-a-kind, custom architectural 3-level, 3-bedroom, 2-bath jungle retreat with panoramic views of Isla Chora and the Pacific Ocean. Set on 2.27 acres of gated tropical land, this fairytale-style home offers the perfect blend of privacy, comfort, wild natural beauty, and daily visits from howler monkeys, exotic birds, and the soothing sound of a nearby waterfall. From the moment you pass through the handcrafted teak gate and beneath the canopy of mature trees, you'll feel transported. The home's whimsical architecture includes a dramatic spiral staircase, hand-placed natural stone detailing on each level, and a rooftop meditation rancho with sweeping views of the ocean, jungle canopy, and starlit sky. The main floor features an open-concept layout with a spacious kitchen, dining, and lounge area that flows onto a shaded wraparound porch—perfect for relaxing in hammocks or sipping coffee while hummingbirds, butterflies, and lush nature mesmerize and calm you.
