Property Type: Land • Lot Size: 515 Square metres •

- Status: Available

Property Description

Tamarindo Hills Lot #83 is a premium ocean-view homesite located within one of Tamarindo's most established hillside communities. Positioned to capture southwest-facing ocean views and year-round sunsets, the property offers an opportunity to build a custom residence in a mature luxury neighborhood surrounded by high-end homes and ongoing development. To help illustrate the potential of the lot, a series of conceptual architectural renderings and layouts have been created specifically around the property's topography, orientation, and view corridors. The concept showcases one possible direction for a modern tropical residence emphasizing indoor-outdoor living, expansive entertaining areas, and multi-level ocean-view design. The property itself remains a standalone lot sale, allowing a future owner complete flexibility to pursue their own architectural vision, builder, and design approach.
