Property Description

I am happy to present a chance to own one of the most well known restaurant businesses in Jacó Beach right in the heart of the town. This famous restaurant and bar also has a meat and baked goods supply and delivery company, which makes it a unique business in one of the most popular tourist spots in Central America. Over the years this business has served than 500,000 happy customers and has become a big part of the Jacó community by helping local charities and events. It is well known by locals, tourists and people who come back to visit who always stop by when they are in town. The Pizza Shop is at the center of the business. It is famous for serving what many people think is the best New York style pizza in Costa Rica. It is the place in the country that uses a three day cold fermentation process for the dough, which creates a flavor and texture that keeps people coming back. The Pizza Shop has been open for 11 years.
