Property Description

Discover a real estate gem in Bosques de Mora, Colón de Mora, San José: a spectacular 9,224 m² lot that combines nature, spaciousness, and enormous development potential in one of the country's most privileged and sought-after areas. This exceptional property offers breathtaking panoramic views, transforming every corner into a setting of peace, privacy, and natural beauty, ideal for those looking to build a luxury residence, family estate, residential development, or a high-value investment opportunity. Surrounded by lush vegetation, the property features fruit trees that enhance its charm, providing freshness, beauty, and an authentic connection to nature. Its generous size and versatile topography allow for multiple design and development possibilities, creating the perfect foundation for a truly extraordinary project. Located within an exclusive and tranquil community, this lot offers the ideal balance between serenity and convenience, with easy access to essential services, shopping centers, educational institutions, and major routes leading to the capital.
