Property Description

The Experience Step into a world of unparalleled luxury where the jungle meets the sea. This newly renovated 12,500 sq. ft. villa is one of the most impressive properties in the Tambor area, designed specifically for those who want space, privacy, and a front-row seat to the Pacific Ocean. Whether you are hosting a high-end corporate retreat, a professional recording session, or the beachfront wedding of your dreams, this estate offers a level of versatility you won't find anywhere else. Architectural Masterpiece & Decks The villa's design revolves around its incredible three-level deck system. These expansive outdoor spaces are tiered to provide different vibes on every floor—from quiet, sun-drenched corners for your morning coffee to massive entertainment areas capable of hosting grand celebrations under the stars. The Whale Watching Observatory & Sunset Bar Perhaps the most unique feature of the property is the dedicated Whale Watching Observatory.
