Property Description

Ocean view homesites within Tamarindo with water are becoming increasingly limited, making this 525.12 m² property an exceptional opportunity to secure a well-positioned parcel in an established residential setting. The lot features an active ASADA water meter, paved road access, and is conveniently located just minutes from Tamarindo's beaches, restaurants, shopping, schools, and everyday amenities. Well suited for a custom residence or investment property, this offering combines ocean views, existing infrastructure, and a location that continues to attract both homeowners and investors seeking long-term value in one of Costa Rica's most established coastal communities.
