Property Description

Perched on the hills above Playa Hermosa in Santiago, Casa Cenizaro is a remarkable five-bedroom, four-bathroom home on a 5,199m² property. The lush grounds feature a variety of fruit trees, local produce, and a newly built greenhouse for vegetable gardening. Named after the Cenizaro tree, which provides ample shade and attracts wildlife such as Howler and White Face Monkeys, the property includes a treehouse with sweeping views of the valley and ocean. This spot is perfect for yoga or meditation, with sunsets and breezes that create a calming atmosphere. The open kitchen, outfitted with modern appliances and a large walk-in pantry, flows into a spacious great room. Wraparound decks on both levels make this home ideal for entertaining. Just off the great room, a new dining area features a handmade wooden table that seats ten. Below, two additional rooms with a full bathroom can serve as an art studio, office, workout room, or guest bedrooms.
