Property Description

Casa VistaMar is a distinctive ocean-view villa in Surfside, Playa Potrero, designed to integrate contemporary coastalliving with the tropical landscape. Located just steps from public beach access, this fully furnished five-bedroom residence offers expansive views across Potrero Bay, generous indoor-outdoor spaces, and convenient access to the beach, dining, markets, and local services. Built in 2025 on a titled 540 m² property, the three-level villa offers approximately 4,500 square feet of construction. Its layout feels more like a private retreat than a conventional home, with three primary bedrooms positioned on the main level alongside the open kitchen, outdoor dining area, barbecue space, terrace, and swimming pool. Two additional bedrooms occupy the tower, each enjoying elevated ocean views toward Potrero Bay. Every bedroom includes a private en-suite bathroom, creating comfort and privacy for residents and guests.
