Property Description

Spectacular sprawling, 75 acre, front ridge property that could be used as a preserve, compound, large upscale subdivision or sprawling Estate, the possibilities are endless. Interior roads have been initiated but need further development. This was being designed to accommodate 34 residential lots. This land is truly magical! There are very few pieces available today that come close to this one. It has everything you could ever dream of. The biodiversity, natural beauty and resources of this massive plot of land are unmatched! The jungle is thriving and full of life. Some of the many benefits; River frontage, numerous creeks, swimming holes, river and springs directly on the property! You can literally kayak directly to the ocean from your own river frontage! Large primary trees, Titi monkeys, White face monkeys, Howler monkeys, Toucans, Sloths, Macaws, even rare sightings of Spider monkeys, all consider this property home, you name it, it's here.
