Property Description

The BEST home you'll find for under \$200k! Calle Luz de Luna or Moonlight Drive. Tinamastes de Barú, PZ. I cannot over-emphasize this Prime location. 2 minutes to main road in a very peaceful little neighborhood on a road with no exit with minimal traffic. Very unique climate. Different than surrounding areas as it is cooler here. Super tranquilo with cool nights for great sleeping. 20 minutes from the beach! (Dominical) and a major town! (San Isidro del General) with excellent supermarkets, restaurants, hospital, clinics and now even a Walmart. Not sure if that's a plus, but I thought it worth mentioning. Small, virtually maintenance-free, private lot with room to expand or put a garden or pool. Why waste time and spend tons of money maintaining something most people here never use: a big property. Newer 2 year old construction. With its' Alpine-style roof (21 ft peak) this custom north american- quality house is more like a small lodge than a typical home.
