Property Description

Do you dream of a front yard that's a deserted tropical beach stretching forever? Of waking up to the sound of the surf, an early-morning walk, and then a fresh fruit smoothie? This home is that dream come true. It has everything you need to be comfortable: 2 bedrooms, 2 bathrooms, and an open design kitchen, dining and living area. The kitchen is set up for everything from light brunches to dinner parties. In front there is a wide porch/patio where you will spend hours relaxing, having a cold drink, chatting with friends, reading, writing or painting. An outside shed houses space for garden tools and laundry equipment. The house is well-cared for and low maintenance. Your purchase will include all of the furniture, appliances, and custom hand-crafted cabinets so you can move in with just a suitcase and some groceries. If your goal is to rent the house out part of the year, it is well-suited for that.
