Property Description

Are you looking for a private oasis? This beautiful, 2-story 7,000 square foot home is located in the hillside community of Marina Vista. It's one of the last properties with the top of the hill concept. This luxury home is overlooking the tranquil waters of Dominicalito Bay. You're just minutes away from family-friendly activities like surfing, boating, and more. It includes many amenities, such as a lush rainforest, stunning ocean views, a Bali-inspired infinity pool, and a spa-inspired master bathroom. It's the ideal property for a vacation home or an investment property. Casa Blanca infuses Modern contemporary style with Bali-inspired influences throughout the entire house. This begins with imported wooden doors that are etched with palm trees in a printed glass. You'll find 12 handmade Balinese stone carvings, woven tapestries, and artwork on all the walls. The largest stone measures 2 x 4 M.
