Property Description

The masterfully planned property is the only lodge located directly bordering the Corcovado National Park, the crown jewel of Costa Rica's extraordinary, world-renowned national park system. This alone makes this Lodge one of the most unique and desirable pieces of real estate available in all of Costa Rica! You absolutely must visit this impressive resort to appreciate it! Your adventure will begin as you arrive at the private reception center, 'La Hacienda', in the riverfront town of Sierpe. Here you are met by the captain and your guide for the boat ride to this secluded jungle paradise. The water journey will take you through the largest mangrove wetlands system on Central America's Pacific coast where you'll have a good chance of spotting monkeys, crocodiles, and plenty of birds. As you pass through the river mouth and follow the coast, there's a chance of seeing dolphins, and even whales on this action-packed 90-minute tour.
