Property Description

This six-bedroom ocean view home is situated at the end of the road overlooking Playa Linda, the southern zone's most beautiful and secluded beach. There is only one neighbor past the home, and they cannot be seen due to the extremely large parcels in the area. The house has an extensive ocean view and was built from solid block bricks, not lightweight construction. The home is situated on 8.4 acres (3.4 Hectares) and kept cool by endless ocean and mountain breezes. The home offers a separate wing with a private second kitchen and two bedrooms for guests. The property is encircled with an old-growth jungle and highly private. The house is a short 30-minute drive to the Quepos airport with a direct flight to the San Jose International Airport and only 15 minutes to Dominical. Act fast because this deal will not last.
