## Property Description

This stunning 12-room hotel sits on an ample 15-acres of highly usable/expandable terrain, and recently underwent an astounding seven-figure renovation of every element of the property. With every one of the nine deluxe rooms and three luxury junior suites getting fully-updated with all new furnishings, finishes, and decorations, each room is in BRAND-NEW condition and is built with solid concrete walls (not lightweight materials). Similarly, the restaurant and bar have been completely updated with the finest finishes and furnishings, with literally no detail overlooked. From the 50-year warranty Palmex thatch roofing, to the high-end appliances and finishes, this expertly-designed renovation has created an ambience of stylish and luxurious comfort from which to enjoy the incredibly beautiful natural surroundings. Wake up each morning to the sounds of hundreds of species of birds, enjoy wildlife viewing of three different species of monkeys on site, and myriad other natural wonders to overload your senses.
