- Close To Schools
- Fully Landscaped
- Investment Opportunities
- Ocean View

Property Description

This is a fully titled, ready to build development with all of the heavy lifting completed regarding zoning, water permits, and approvals. One of the most time-consuming processes with development properties is getting the water and infrastructure in place, but this property already has it all. There is a legally approved water system, underground electric lines, a sewage treatment facility, paved internal roads with drainage, sidewalks, landscaping and 26 parcels that have been subdivided for individual sale or development. You have just been saved 3-4 years of legwork. This is a very desirable location off the main coastal highway between Uvita and Dominical. The 26 building sites (some with good ocean views) that have been approved for 23 residential homes, a condo tower, and a commercial center with retail businesses. The development includes a community clubhouse with a pool. Also included in the asking price is a move-in-ready, 3 bedroom / 2.
