Property Description

Multi-Dimensioned Estate Home on the hillside of Matapalo Located in the San Andreas region of Matapalo/Dominical, the property is only a 10-minute drive from the pristine beaches of Playa Matapalo and Playa Linda. Quepos airport and hospital are 30 minutes north, while Dominical and Uvita are 20 minutes south, so a multitude of restaurants, tourist activities and professional services are only a short drive away. Immersed in nature but with an expansive ocean-valley view, this private 4000 sq. ft, 3-level home is the ideal open concept home for the tropics, designed by a Costa Rican born, New York architect. This contemporary designed home combines the elements of openness, lighting, and airflow to allow you to enjoy the flora and fauna of Costa Rica up close, but relax in the grandeur and security of the home. Light pours into the home through massive pivoting doors and glass walled sections.
