## Property Description

There are few homes in the area that are actually turnkey. We mean a home that is ready to move in and use from the day that you sign on the dotted line. This wonderful home here in Playa Negra is perfectly suited and ready to use from the moment you buy it. This Lovely Home Some might say overbuilt but we say built just right. There aren't any other homes that can accommodate 15 people in beds here. This new home has six full bedrooms and five full bathrooms. The main home has an open floor plan where the main granite kitchen is located. The kitchen also has a large island. There is also a very large dining room, two living rooms, dining room, internet/computer area, and television area here. There is seating for nearly twenty people. This main home has three bedrooms and three baths. There is a master bedroom with an enormous walk in closet and master bath. The second bedroom has a pair of twin beds and is serviced by a common full bath.
