Property Description

Casa Bambu embodies the ideal Dominical mountain-side experience. The property is set down a quiet, no-through-traffic residential road with a gated entry and absolute privacy. The southern flank has a year-round creek and mature jungle which brings an abundance of wildlife and sounds of trickling water. Directly to the west is a deep-horizon ocean view which is totally unobstructed and free of other visible homes with year round sunsets on the ocean horizon. The home has a semi-detached, two stall car port with a covered walkway to the main entrance. The main floor is an open concept with twenty foot high ceilings, is full of light and has a wrap-around terrace. Also on this level is a powder room and the master bedroom which features a full-size tub and walk-in closet. The lower level, which has an independent entrance, has two bedrooms (one en-suite), another full bathroom, a lounge area and lots of outdoor living space.
