Property Description

Tinamaste Ocean View Regenerative Farm for Sale in Costa Rica This extraordinary regenerative farm for sale in Tinamaste, Costa Rica, is located within the UNESCO Biosphere Reserve and the Paseo de la Danta Biological Corridor, one of the most important conservation corridors in Central America. The corridor connects the Osa Peninsula and Corcovado National Park to protected forests and marine reserves further north, helping maintain wildlife connectivity across one of the most biodiverse regions on Earth. The surrounding reserves account for approximately 20 percent of Costa Rica's total fauna, 54 percent of its mammals, 59 percent of its bird species, and more than 330 species of butterflies. This property sits within one of the most intact landscapes in the corridor and forms a vital piece of continuous natural habitat. A Rare Chemical-Free Farm Preserved for Over 40 Years This farm has been preserved by one family for more than forty years with no history of agrochemical use.
