Property Description

Casa Roxanne is a beautiful, elegant, family home with a modern, open, and contemporary design; designed by the creative and renowned Costa Rican architect Daniel Cisneros. The villa is built in a green area that borders the golf course of a private condominium. Security, nature, and first-class comfort are the characteristics of this condominium developed in the largely rural community of Hacienda Los Reyes, with a golf course and polo field. Casa Roxanne's façade has an elegant and contemporary style characterized by stone details, manicured gardens, and flat roofs. A solid wood door welcomes you inside, where an open layout with large porcelain stoneware tiles gives access to the outdoor terrace, the pool, and the indoor social area. The house has an integrated living room and dining room connected to the kitchen. The large sliding windows give light and freshness to the living room and open onto the large, covered terrace, integrating the interior with the exterior, expanding the environment.
