Property Description

This beautiful two - story house with rooms of ideal dimensions, undoubtedly has the best location in Escazú. Cerro Alto allows to have the best communication to roads and highways that lead in multiple ways to the best places in the west of San Jose. Also, the condominium is the most sought after location by nationals and foreigners thanks to its impeccable common areas and security offered by this luxury project. The architect achieved a home where the sizes of each of its units feel spacious, cozy and with the advantage of having social and private areas ideal for sharing, always considering functional spaces for use and storage. The social area of the living and dining room can be fully incorporated to the ample terrace and garden of the property, which is perimetral given the mandatory boundaries that must be maintained. Having a house where the privacy of its four en - suite bedrooms, family TV room and terrace in the master bedroom, makes it an alternative where the family can settle comfortably or have the possibility of having a guest bedroom available, for example.
