Property Description

From the moment you arrive to Casa Heliconia you immediately appreciate the artistic touches and the immaculate condition of the gardens and home! Located in Phase 6 of Ojochal, this property is situated within a secure community which is only 10 minutes to the amenities of the town. The painted heliconias greet you at the entrance, along with the hand carved main door. The vaulted wooden ceiling through the hallway and living area creates a warm environment within the home. The primary bedroom is to the right of the entrance, with its own walk in closet with wooden finishes and a dehumidifier, as well as an en suite bathroom. The hallway with built in storage leads you to the two guest bedrooms, both with ample space for guests or for one to serve as an office. The shared bathroom is at the end of the hall and holds the laundry as well, it also has direct access to the backyard area so guests do not have to enter through the home when enjoying a dip in the pool.
