Property Description

This beautiful ocean view hotel has an amazing and expansive view of the Pacific ocean, the sight, sounds and sweet smell of the Pacific luxuriously radiate this edifice including mountain views and fascinating jungle views. The property is a mere five-minute walk from the ocean, and walking distance from the center of town, banks, shops, services, supermarkets and the best restaurants in town. It is also decorated with beautiful and lush gardens. The Horizon is made out of three different properties, each with its own plano catastro. Each property connects individually to the town water system (AyA). The strategic location makes it top-notch for individuals seeking properties located in a serene tourism-oriented environment and hoteliers alike. The property itself is a real pearl that catches the interest of every knowledgeable individual in the industry. Santa Teresa is a place for the celebration of life and tropical paradise.
